# STAFF MEMORANDUM

TO:	Board of Directors
FROM:	Carrie Rawlings
SUBJECT:	CalPERS Unfunded Liability Payment
MEETING DATE:	7/19/2022

#### **Background:**

We are required by CalPERS to pay our annual unfunded accrued liability based on our report from June 30, 2020 Actuarial Valuation. The district at one point had four different classification of employees, but now only have two which are miscellaneous and miscellaneous PEPRA. Based on the most recent actuarial valuation we will still have balances on four of our accounts after this payment and I have indicated the expected pay off date on our current amortization schedule.

- \$431,512 for miscellaneous classification which is all employees hired prior to 1/1/2013, not including the fire employees. Current balance is \$4,371,038 with projected pay off date in 2044.
- \$55,355 for safety classification which is any employees that were in the fire department were members prior to 1/1/2013. Current balance is \$634,116 with projected pay off date in 2046.
- \$140 for PEPRA safety fire employees hired after 1/1/2013. Current balance is \$617 with projected pay off date 6/30/2026.
- \$6,196 for PEPRA miscellaneous which is all employees hired after 1/1/2013. Current balance is \$41,493 with projected pay off date in 2041.

Total due for FY 21-22 is \$493,203. We have the option of paying monthly which would total \$510,172.92 for all plans.

#### **Recommended Action:**

Approve one-time payment of \$493,203 to CalPERS for our annual payment for a savings of \$16,969.92 which was included in the annual budget for FY 22-23.

# **STAFF MEMORANDUM**

TO:	Board of Directors
FROM:	Floyd VanWey, Director of Facilities
SUBJECT:	DOF Report
<b>MEETING DATE:</b>	July 19, 2022

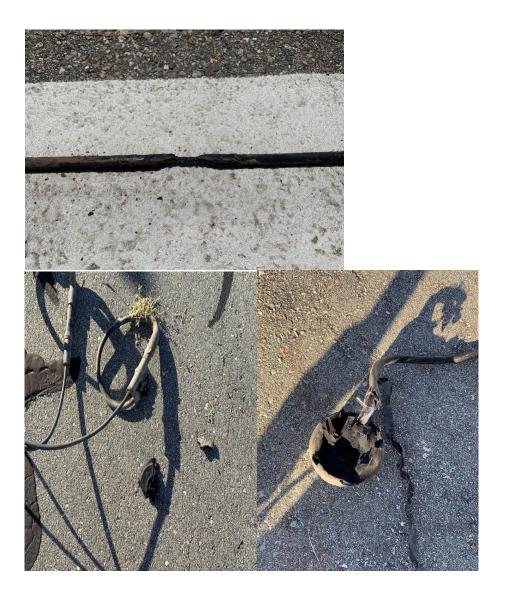

- Facilities Staff have completed 155 work orders for the month of June. There are currently 181 open work orders as of last week.
- On 06/22/2022 extreme weather and lighting caused a lighting outage affecting approximately 50% of the MIRL on 12/30, all the PAPI, Wind Cones on 26 and 12, 4 Runway Holding Position signs on 12/30, 1 RDRS on 30 and 1 Destination Sign on Taxiway Charlie. Facilities responded immediately with the assistance of Royal Electric. As of this writing we have replaced ~1000' of 5kV lighting cable, 15 isolation transformers, 7 PAPI Control Boards, and multiple MIRL lamps and fixtures. Replacement parts for the Holding Position and Destination signs are expected to ship 7/19 and Wind Cone repair parts are expected to arrive any time now. Ongoing repairs continue to be made immediate upon receipt of materials. Unfortunately, the PAPI on 30 are beyond repair, we are currently coordinating a replacement effort with Mead & Hunt. Additional updates will follow.
- The GA restroom is nearing completions, installation of the flooring has been scheduled and will immediately be followed by the installation of the finish plumbing fixtures, door, and associated hardware.
- Maintenance has applied Fungicide to the oleanders on Belshaw, Sabovich St, and Airport Blvd. with favorable results.
