

Plane Crazy Saturday!

NASA Engineer, Starr Ginn, an accomplished private pilot and aircraft owner, lives an aviation-filled life with her husband, Tony Ginn, who is also a NASA Engineer and long-time pilot.

Starr is the NASA Armstrong Deputy Aeronautics Research Director for strategic formulation of aeronautics research goals.

Starr will give a presentation on NASA's Scalable Convergent Electric Propulsion Technology and Operations Research (SCEPTOR) test aircraft and tell how it is demonstrating distributed electric propulsion.

'Spiral Development of Electric Propulsion through Flight'

Presentation at 11 A.M. in the Mojave Air & Spaceport Board/Conference Room.

Limited seating – tickets at MTM booth or rsvp 661.824.2481
