

AIRPORT ID BADGE CERTIFICATION FORM

The Transportation Security Administration (TSA) requires that Mojave Air and Space Port (MASP) must have confirmation that all active Airport ID Badge holders are current. Please audit your Badge Certification to verify that all MASP ID Badges are to be active. The Badge Certification Form must be filled out and returned to Airport Security by E-mail, Fax, USPS or dropped off within ten (10) business days from the date of notification. Failure to return the report will result in a case of non-compliance with TSA mandated MASP Airport ID audit requirements. This may result in loss of Airport ID badge access privileges and/or issuance of a Violation Notice to the company's Authorized Signatories.

Company information required (type or print legibly)

Company Name: _____
Authorized Signatory Name (please print): _____
Email Address: _____
Contact Phone Number: _____
